

Utah Driver Education News

May 2021

Everyone on our roads has a responsibility to help keep each other safe. The annual FMCSA Road Safety Art Contest invites students to use their creativity to raise awareness of how to stay safe on the road, particularly when driving, biking, or walking around large trucks and buses.

This year, the contest has expanded to include students in grades K-12, with new submission categories including digital art, craft, video, and photography.

The 2021 contest is now open! [Submit now through June 4, 2021. Download the Entry Form today!](#)

New National Road Safety Foundation Film Dramatizes Dangers of Driving While High

"A Puff Before Dying," a new short film from The National Road Safety Foundation (NRSF), uses satire and puppetry to dramatize the dangers of driving while high on marijuana.

The nine-minute film, which had its world premiere to critical acclaim at the South by Southwest Film Festival in March, is now available for free viewing or download at the NRSF website at www.nrsf.org/resources/impaired-driving. [Read the press release here](#)
