

Utah Driver Education News

July 2023

Training for Driver Education Instructors Students with Disabilities

Training will be held virtually on July 25, 2023 (8:30-4:30)

- ◆ Learn how to identify students who need accommodations and/or adaptations in driver education.
- ◆ What is an evaluation and how will it increase student success, family support, and guide your instruction.
- ◆ What options are available for funding, educational and equipment resources, evaluators, etc.

Instructors will be reimbursed for the cost of the training and PD credit

USBE Releases the Annual Core Standards Survey for Public Input

Between now and July 9, USBE is seeking the public’s input on Utah’s Core Standards in the core content area **driver education**. This is a great opportunity to inform future changes to the standards as we conduct revisions in the coming year(s). Thank you in advance for your time to submit your insights! Professional Development Compensation Opportunity

[HB 489](#) has a great opportunity for educators to be compensated for the professional work they're doing beyond their regular contract. Through this recently passed legislation, certified educators who work in LEAs across the state can be compensated for up to 32 extra hours of work for qualifying activities including evaluating student data, participating in professional learning, collaborating in PLCs, planning instruction, or developing strategies to reach specific students. Educators will need to have a plan shared with their principals by the 5th day of instruction of how they intend to use these hours. The extra hours must be claimed for work done outside of regular contract hours. For more information contact your LEA's business administration or human resources office.

Utah leads nation in road rage incidents

NEW RAIL SAFETY COURSE COMING SOON!

The new rail safety course will be available soon as one of the modules in Street Smarts. Students will automatically be taking the new one hour mandated course when they log in to completing street smarts. Those districts who do not use Street Smarts will be given a separate link to access just the rail safety course.

Utah Operation Lifesaver is still available for live presentations.
