

Swim Team Region Results:

Boys: 1st Place (REGION 9 CHAMPIONS)

Girls: 2nd Place

For the first time in the history of the Hurricane High School Swim Team the boys team has won Region. The boys team win was a team effort which included more than a few school records and top finishes. The team was able to beat the 2nd place team Cedar by 9.5 points to become Region Champs.

The girls team also needed all of its swimmers to accomplish their 2nd place finish. They also included more than one school record and 1st place finishes. The girls were able to improve enough to jump from a projected 3rd place finish to a second place finish with only 10 points separating them from first.

Each swimmer showed their TIGER SPIRIT as they achieved personal best times, supported each other, and cheered each other on! It was an electrifying night, reflecting the hard work and dedication of our swim team.
