

Parent Permission  
Student Athlete Release Form

Parents,

This form is for HHS Athletics and is to provide information regarding transporting student athletes from an event. The expectation is that all student athletes are to ride the bus with their teammates to the athletic event. After the event, we would like them to travel back with the team. However, we do understand in some instances, parents would like to take their own student athlete home. If parents would like to do this, they must first understand they are to ONLY transport their OWN student athlete.

Transporting other student athletes violates WCSD policy and you could be held liable. To transport your student after a game, please sign your name below.
