

# Quickstart Guide

Here's how to get started with the Safe Roads Challenge app on your phone in 3 easy steps.

Safe Roads Challenge has very minimal battery and data usage due to their Wi-Fi caching system. They do not share your data with any third parties.

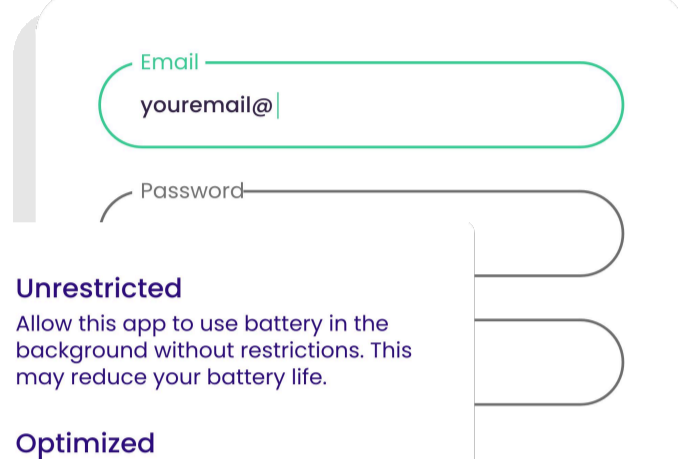

**1** Download the Safe Roads Challenge app from your mobile application store.

**Safe Roads Challenge**  
Create your safe driving habit

[Click here to download](#)

**2** Create your account. Don't forget to enable your Location Services and complete all requirements.

Email: youremail@  
Password: \_\_\_\_\_

Unrestricted  
Allow this app to use battery in the background without restrictions. This may reduce your battery life.

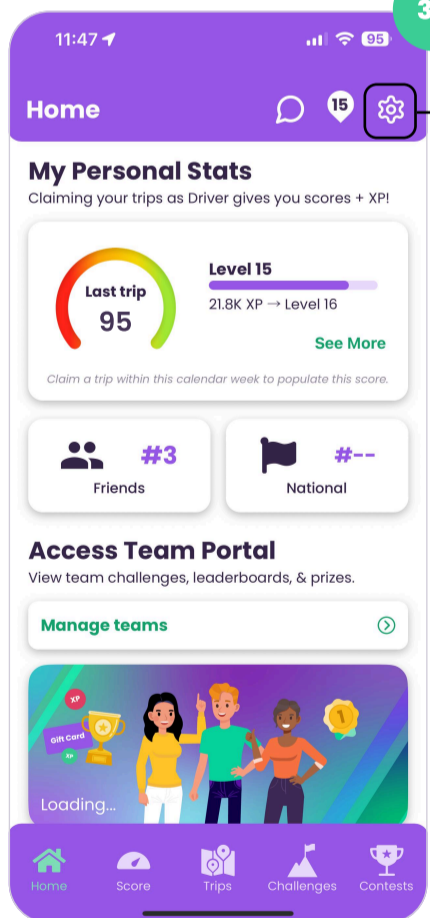

Optimized  
Optimize basic app. Recommends:

- Location
- Motion & Fitness

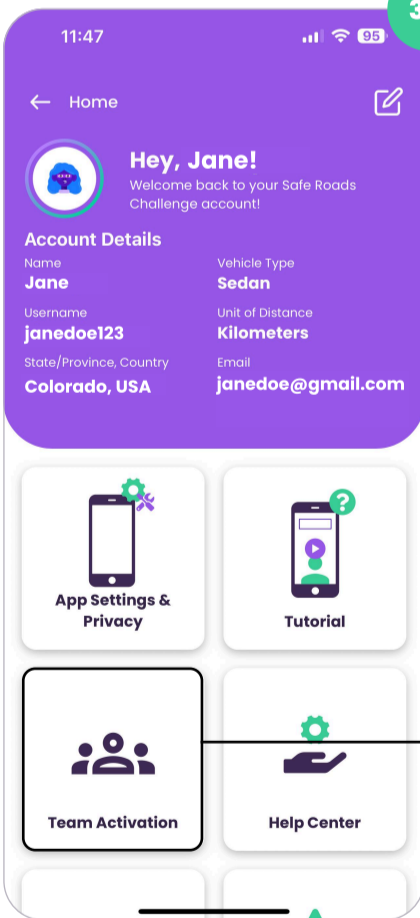

Always >

*If your app doesn't allow you to select "Always" at this stage, it will prompt you later to change your settings. It's important to have the right settings so your Trips can be recorded correctly.*

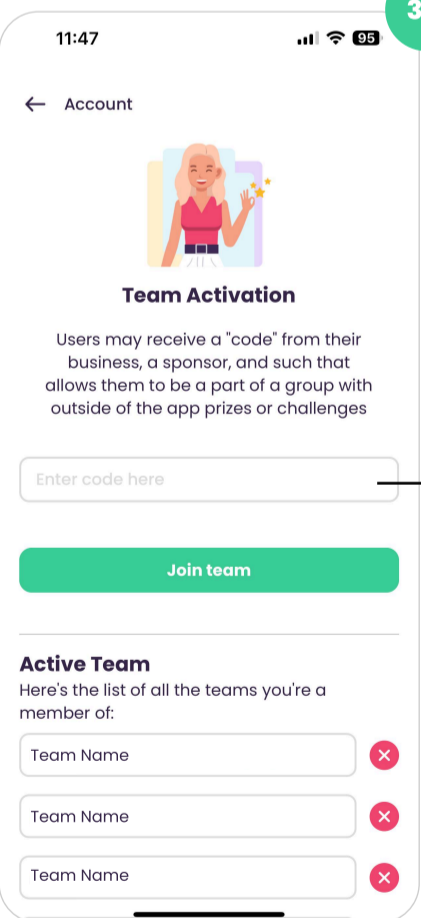

**3** Join the **UDTSEA/Utah** Safe Roads Challenge. From the home page, click the gear icon in the top right, select 'Team Activation,' and enter your join code.

3.1 Click the gear icon

3.2 Click the Team Activation tile

3.3 Enter your team join code: **TEAMUTAH**

**You're in!** Make sure to drive safely and use the Safe Roads Challenge app to collect your trips. Safe Driver trips earn entries into contests and rewards. Good luck!
