

TIGERS ROAR

HURRICANE HIGH SCHOOL STUDENT ACHIEVEMENTS

Ms. Clark's seniors
reading together
in the library.

On October 1st, Mr. Jones' students competed with four other high schools from WCSD in the Plein Air Paint Out at The Red Hills Gardens in St. George. Of the seven students that competed for Hurricane High, the following three received the noted awards: Bailey Cox & Lucy Bauer- Honorable Mention and Meilie Allen - First Place.

The annual Shakespeare Competition, hosted by the Utah Shakespearean Festival in Cedar City, cultivates the art of theatre, dance, and music by providing active observation of peer and professional performance, educational creations based on Shakespeare's works, and personal evaluation by working professionals. **Olivia Tenney** received an honorable mention and was invited to perform in the showcase for her monologue. **Annika Amodt** won 2nd place overall for her monologue. **Chris Martinez** won 1st place overall for the construction category during the tech competition. The students had a positive and enriching experience over the competition weekend.

Fine Arts

Our HHS Cheer Team hosted 215 Mini Cheerleaders in September for their largest mini cheer clinic ever! These future cheerleaders filled the HHS football field with tons of Tiger spirit!

Language Arts

Mrs. Douglas' AP Literature class and some of the Drama students traveled to the Shakespeare Festival to see Hamlet. Students had a great time seeing one of Shakespeare's most iconic plays.

Collectively, their favorite part was the use of the ghosts in the play.

BENTO BOX BOOK REPORT?

Honors Language Arts 11 students completed a creative book report

project called Book Bentos. Students chose 4-5 items that represent an element of the book (character, setting, theme, literary device) and then took an aesthetic photo with their book. In class, we completed handwritten analysis of each of these elements. It was a fun twist on a traditional book report.

Brain Hats, Backwards Bikes & Mystery Boxes all had the Psychology classes' NUERONS going wild!

PSYCHOLOGY

Mr. Tobiasson's MYSTERY BOXES had Mrs. Long's Psych 2 class thinking outside the "box." Thank you for creating these amazing experiences for our students!

Mrs. Long's Psych 1 class of Brain Hats were a hit in learning the lobes and functions of the Brain and for a little extra credit!!

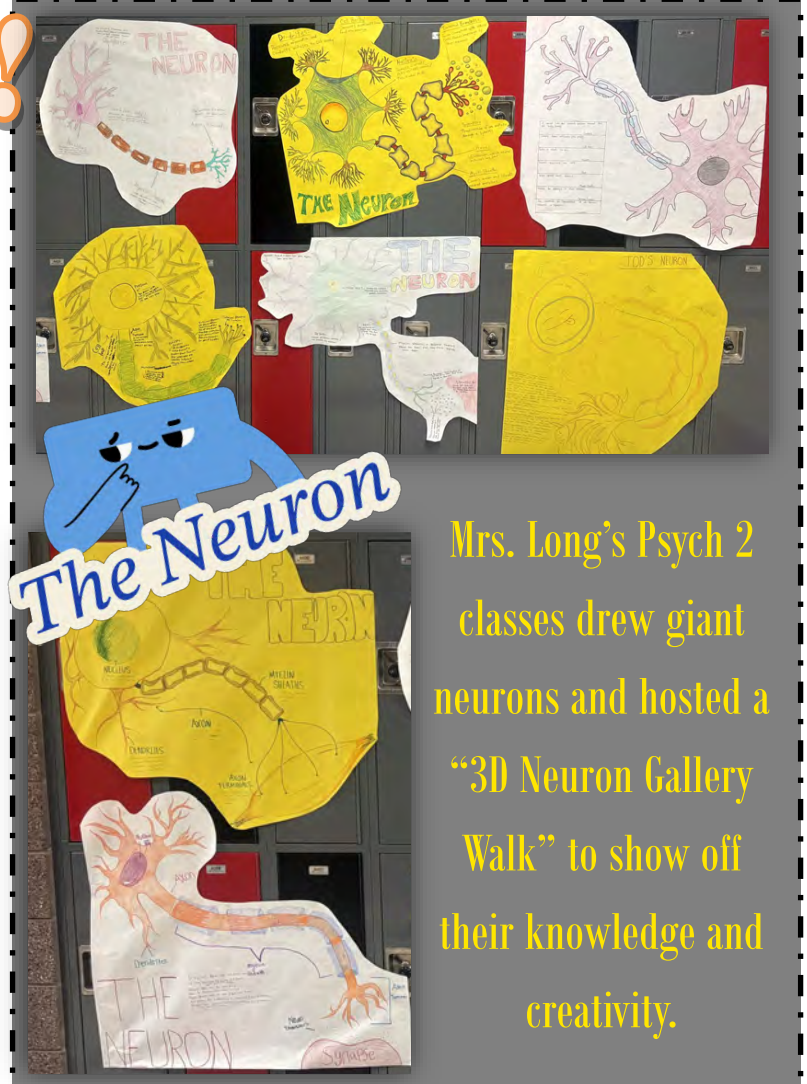

Bike Bonanza!

Click pic to see Mr. Long attempt the bike.

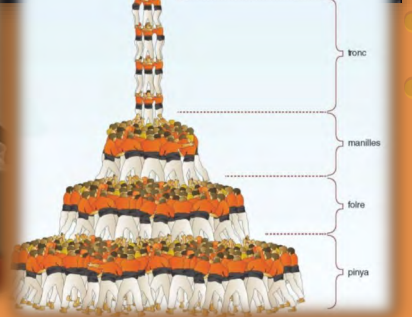

Mr. Tobiasson's Backwards Bike is undefeated!! Mrs. Long's Psychology classes got to TRY it out. No new neural pathways were formed!

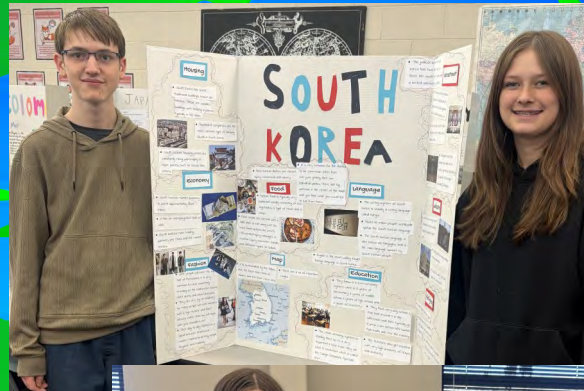

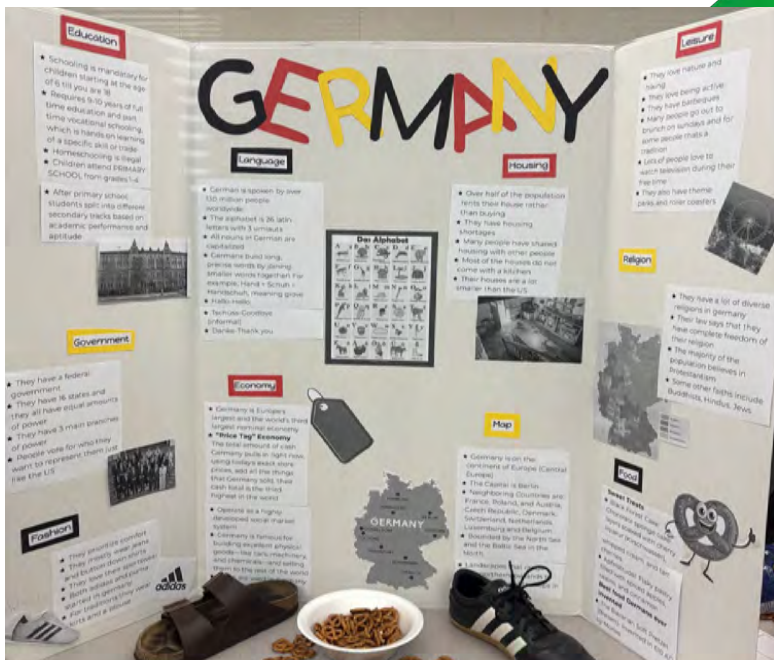

Mrs. Long's Psych 2 classes drew giant neurons and hosted a "3D Neuron Gallery Walk" to show off their knowledge and creativity.

SPANISH

CULTURE

Mr. Henriod's Spanish 2 and 3 classes built cup towers in the style of and after learning about the Spanish Castells de Tarragona.

Mrs. Kroff's Sociology students hosted a "Culture Gallery Display". Teams showcased their knowledge of different countries and cultures.
